

You are never too old or young to
make a difference in someone's life.

THINK CRITICALLY

CHOOSE WISELY

If your school was to disappear off the face of the earth, what difference would it have made?

- What resonates with you most strongly about this picture?
- What word, phrase, image, or emotion does this image trigger in you?
- What has Jesus called us to be and do?

THINK CRITICALLY

CHOOSE WISELY

Service learning is the **deep learning** that occurs through **critical thinking** and **reflection** in **relationship** with others.

Service learning occurs **before,**
during and **after** students' participation
in experiences that are **integrated** into
the **curriculum** and make a difference
to the **needs** of others.

Bringing words to life

Does this project meet a community need?

Service learning model

‘If I was doing this just for myself, I would have given up and walked away. But because I was doing it for someone else I just kept on going...’

Service learning

Review your service learning experiences and reflect on and sort according to:

- the local, national, global focus
- serving or learning focus
- age of students involved
- those based on fundraising
- those integrated into the curriculum

What does this reveal about service learning in your school?

To further develop service learning at your school, what are your recommendations?

May God bless us with discomfort at easy answers, half truths, and superficial relationships, so that we may live deep within our hearts.

May God bless us with anger at injustice, oppression, and exploitation of people, so that we may work for justice, freedom and peace.

May God bless us with tears to shed for those who suffer from pain, rejection, starvation and war, so that we may reach out our hands to comfort them and to turn their pain into joy.

May God bless us with enough foolishness to believe that we can make a difference in this world, so that we can do what others claim cannot be done.
